## AUTUMN/WINTER 2025

In this edition:

We send regular email details of burglaries and vehicle crimes, courtesy of Elmbridge police. We also have access to the underlying data for all neighbourhood crime, and so below is an update of *all* crime types from Jan '22 to Jun '25, with a comparison between years and identifying trends.

*John Haberfield*

### Crime map review

As before, our crime data is grouped by electoral wards. (*For anyone uncertain of the boundaries of the wards, there's a map at the end of this article*). To provide a reasonable comparison, we have reviewed data in the new format dating back to Jan 2022 and up to the latest available data.

First, to set the scene for crime rates, let's view how Elmbridge compares with the rest of Surrey.

TOTAL No. CRIMES IN JAN-JUN 2025 PER 1,000 HOUSEHOLDS	Violence and sexual offences	Anti-social behaviour	Public order	Criminal damage and arson	Shoplifting	Other theft	Vehicle crime	Burglary	Drugs	Other crime	Possession of weapons	Bicycle theft	Theft from the person	Robbery	TOTAL

SURREY	34	14	9	8	7	6	5	3	3	2	1	1	1	1	94

An analysis of the national crime data for Surrey for the half year Jan-Jun 2025 reveals that Elmbridge (*highlighted yellow*) continues to have the 2<sup>nd</sup> lowest overall crime rate out of the 11 boroughs in Surrey!.

Of the 14 neighbourhood crime types, the 4 highest rates in previous years (*highlighted orange*) had been Violence & Sexual Offences, Anti-social Behaviour, Public Order, and Criminal Damage & Arson, accounting for 64.7% of the total crime.

These are also closely related, as often an ASB offence could easily become a violence offence (if the suspect pushes someone), or a public order offence (if the activities intimidate innocent bystanders), or a criminal damage offence (if the activities result in something being damaged).

Looking at these 4 crime types combined provides a much smoother crime trend. (*Within Elmbridge, Violence and Sexual Offences were rarely sexual and most violent crimes were common assault.*)

Next, let's compare the crime data for the 16 electoral wards within Elmbridge.

TOTAL No. CRIMES IN JAN-JUN 2025 PER 1,000 HOUSEHOLDS	Violence and sexual offences	Anti-social behaviour	Public order	Criminal damage and arson	Vehicle crime	Other theft	Shoplifting	Drugs	Burglary	Other crime	Bicycle theft	Possession of weapons	Robbery	Theft from the person	TOTAL

The only difference from the Jan-Dec '24 analysis is that Oxshott has moved back to 2<sup>nd</sup> lowest overall crime in Elmbridge. In fact Oxshott's overall crime rate is currently just 50% of the overall Elmbridge crime rate (at the end of 2024 it was 61%).

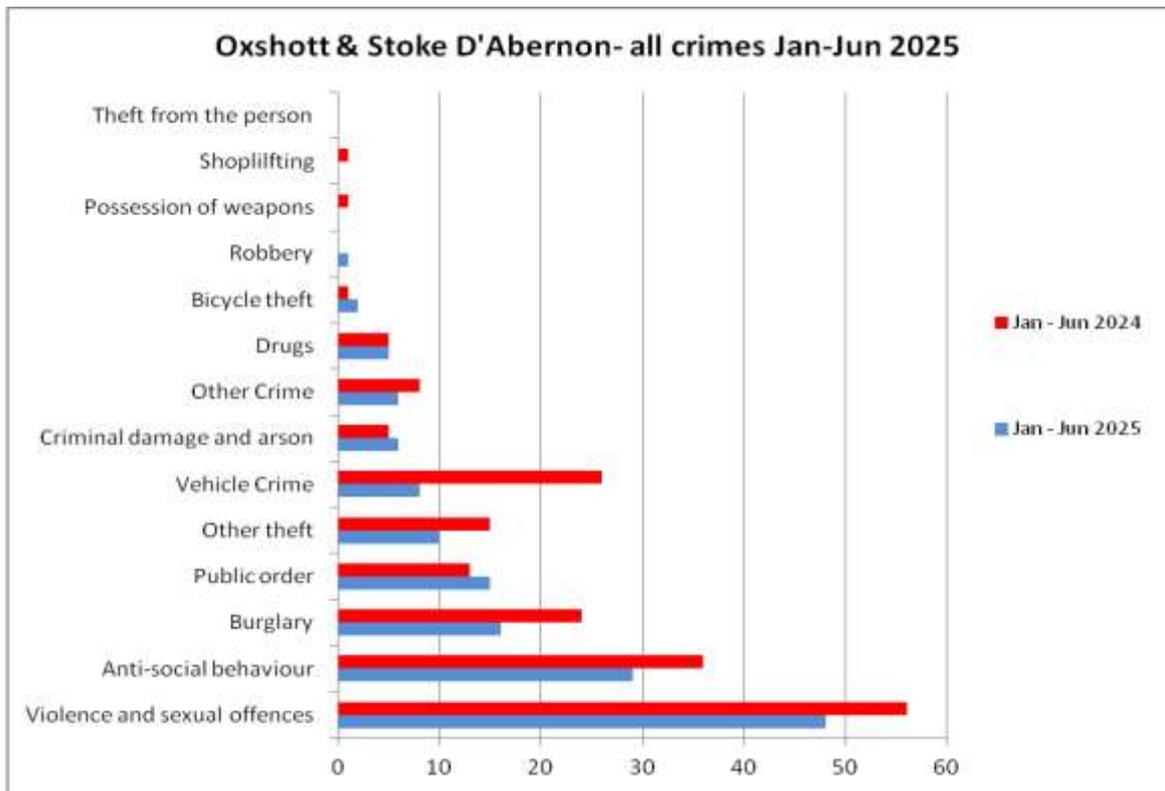

**In brief, Elmbridge has a very low crime rate within Surrey, and Oxshott ward within Elmbridge has almost the lowest crime rate.**

Now, we can compare crime data for Jan-Jun 2025 with the same period in 2024. The following table shows the variation in numbers of crimes with crime types sorted by highest to lowest number of crimes in Jan-Jun 2025. The same figures are given for Elmbridge as a whole.

	OXSHOTT				ELMBRIDGE			
	Jan-Jun 2024	Jan-Jun 2025	Variance No.	Variance %	Jan-Jun 2024	Jan-Jun 2025	Variance No.	Variance %

<b>TOTAL</b>	<b>191</b>	<b>146</b>	<b>-45</b>	<b>-24%</b>	<b>4206</b>	<b>4069</b>	<b>-137</b>	<b>-3%</b>

Overall the decrease of 24% in Jan-Jun 2025 amounts to 45 fewer crimes. Bearing in mind the explanation above about the close relationship of Violence and Sexual Offences, Anti-social Behaviour (ASB), Public Order, and Criminal Damage and Arson, in total these have actually decreased by 12 (-11%)..

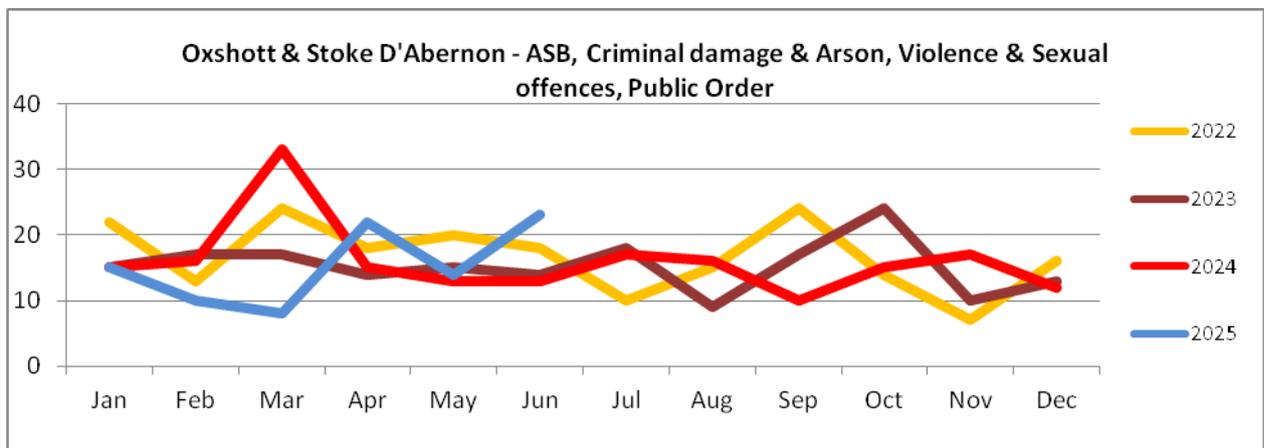

The other main changes in crime types are with burglary, with a decrease of 8 (-33%) and Vehicle Crime, with a decrease of 18 (-69%).

Of course, this only reflects the overall total for Jan-Jun 2025. For a better idea of annual trends we need to look in comparison to previous years' crime rates. First, we see that the overall crime rate since Jan '25 trended well below 2024 levels but for May and June was trending close to '24 levels.

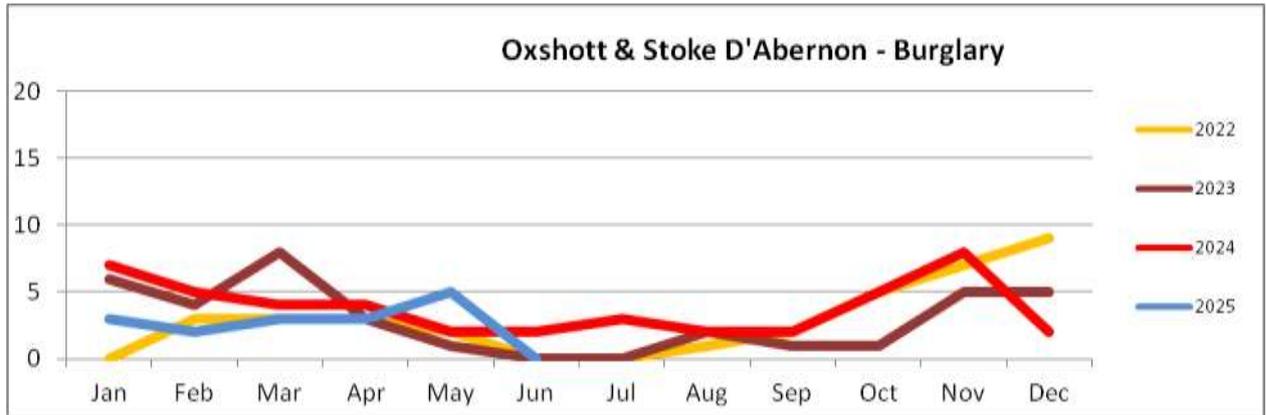

As noted above, in Jan-Jun 2025, Violence and Sexual Offences, Anti-social Behaviour (ASB), Public Order, and Criminal Damage and Arson, collectively decreased by 11%. However, it is clear that that was a combination of low numbers in Q1 this year compared to a high peak in Q1 last year, and Q2 levels in Q2 are above '24 levels.

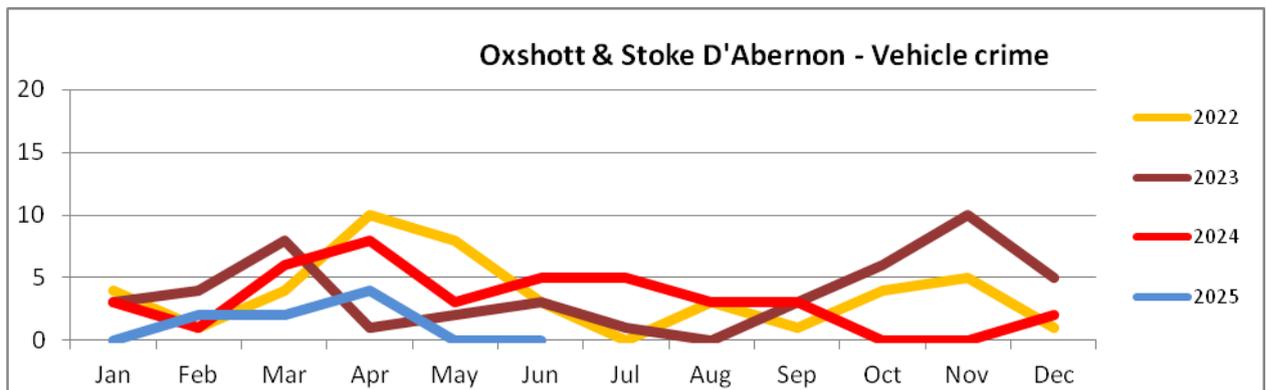

The crimes that have the most impact on victims are Burglary and Vehicle Crime, accounting for 11% and 5.5% respectively of total crime in Jan-Jun2025 in Oxshott.

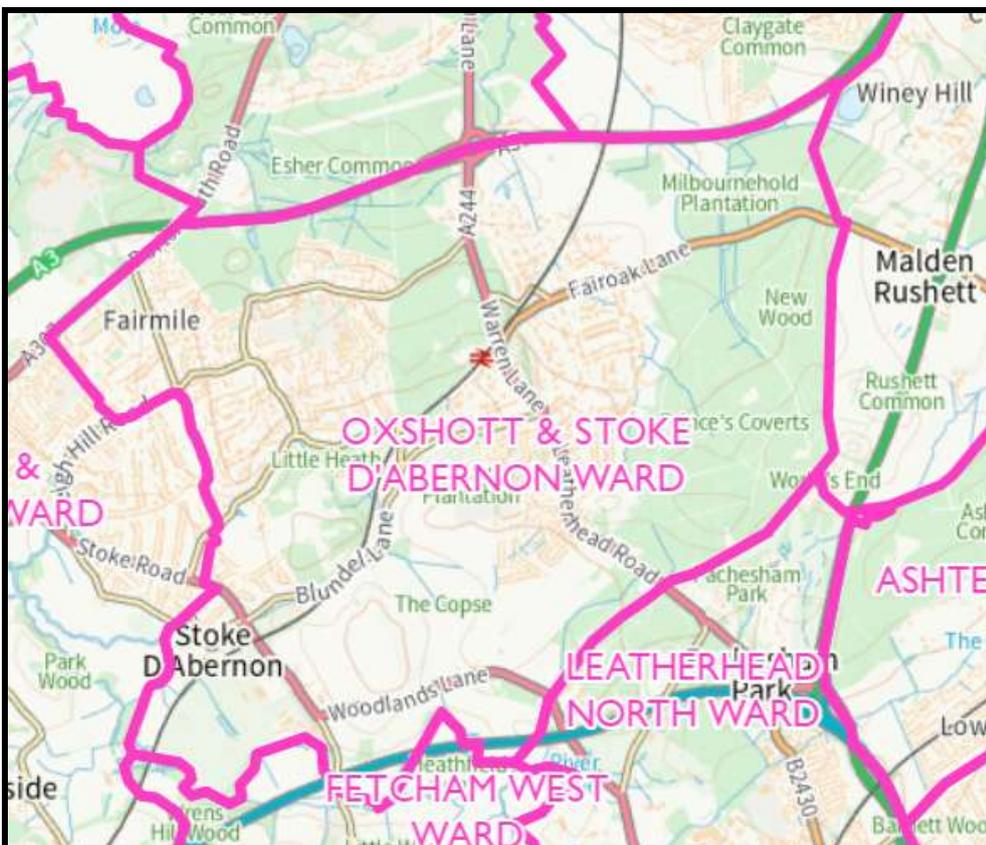

These are relatively small numbers, Burglary in Oxshott had a decrease (8) in Jan-Jun 2025 compared to the same period in 2024, and the chart reveals that the trend has been tracking below 2024 levels, apart from a small peak in May..

These are percentages of an already low overall crime rate, so these are small numbers; nevertheless, the Vehicle Crime rate has reduced by 69% (8 fewer crimes).. You can see from the chart that, apart from Feb (where Feb '24 had a dip), the trend has continued below '24 levels.

## Keep Them Out!

- **Remember** Lock your car at all times when parking, and don't leave valuables on view
- **Remember** leave lights on in your property if you're going to be out after dusk; as many properties targeted appeared unoccupied
- **Remember** Most burglars enter a premises from the rear, and many burglaries take place during the day

- **Remember** Burglars hate security deadlocks on doors because they can't open them from the inside, and have to leave through a window
- **Remember** Double check all windows and doors are securely locked before leaving home; on winter evenings keep lights on when out
- **Remember** Make sure sheds and gates are locked, and outside bins are not left where burglars could use them as a stepping stone.
- **Remember** If your vehicle is "keyless", keep the key in a "Faraday" pouch or metal tin and keep keys AWAY from front door or kitchen window
